Dear Balbriggan Community,

Balbriggan Chain of Survival has now installed **16 defibrillators**, with another ready to deploy and more on the way.

We've identified a need for a **solar-powered public defibrillator at Martello Tower**, where power access is limited. To accelerate this installation, we've launched a **GoFundMe** to support the cost of the solar cabinet and a **ZOLL 3 device**, which includes paediatric capability.

As always, our strength is community support. Donations, sharing the campaign and connecting us with potential **corporate sponsors** will help bring this project over the line.

If you know any individuals, groups or organisations who may wish to back this effort, your introductions would be greatly appreciated.

Together, we continue to build a safer Balbriggan.
