**Important Note:** It should be noted that risk in the context of this risk assessment is the risk of "harm" as defined in the Children First Act 2015 and not general health and safety risk. The definition of harm is set out in Chapter 4 of the Child Protection Procedures for Primary and Post Primary Schools 2017.

In compiling this Risk Assessment, the BOM endeavoured, as far as is possible, to identify potential risks of harm in the school and to ensure appropriate policies, procedures and practices are in place to manage those risks. It is recognised that while not every risk is identifiable, procedures are noted and in place to manage and reduce risks as much as is possible.

This risk assessment has been completed by the Board of Management on \_\_\_\_\_. It shall be reviewed as part of the school's annual review of its Child Safeguarding Statement.
