No further action will be required from either school staff or parents once this has been done.***

***This update will include several performance and security improvements to the Aladdin Connect app including [allowing parents and staff to use biometrics](#) (TouchID/FaceID) to access their Aladdin accounts!***

***If you find you are getting a lot of queries from parents regarding being logged out of their app, you may find it helpful to share the following cheatsheets to help minimise these queries:***

***[Verifying your Mobile Number](#)***

***If you have parents that cannot reset their account password for whatever reason you can reset their account entirely and allow them to re-register on the app by following the instructions in [this FAQ](#).***
