No dogs are allowed on the school premises, apart from Guide dogs. There are notices posted at the entrances to the school grounds to advise parents that no dogs are allowed. We ask that all parents share this information with anyone who is dropping or collecting your child from school.

Lesson Overview: This programme is targeted at children and teenagers with additional needs. It aims to teach children to cycle a two-wheel bike independently. Generally, if a child has the balance to walk unassisted, they can have the balance to cycle. The programme is delivered by a qualified Cycling Ireland instructor from the Cycle Safety School and requires active parental involvement during the sessions. This programme proves invaluable for those taking part providing a great source of exercise and benefits in mobility and independent movement through a lifespan.

Bikes: The trainer will have bikes available, or you can bring your own bike. They do not provide adapted or any specialised bikes.
